

These American Spaniel Club publications were developed to help you learn to train your Cocker Spaniel in fieldwork. The ASC recognizes how the working abilities of the breed integrate with structure, temperament and type to maintain breed integrity. These booklets provide breeders and fanciers an understanding of the ways these elements fit together. For the fancier, they provide information on training to develop the hunting skills of the Cocker.

Quantity

Elementary Spaniel Field Training

Training Tips for the American Spaniel Club Working Test, and AKC Hunt Tests

The Steadying Process

Cost: \$2.00 each, plus \$4.00 or \$5.00 for all three booklets plus \$4.00 shipping.
